## GET AN EDGE WITH A WORKKEYS CAREER READINESS CERTIFICATE

As today's economy sends people deeper into recession and causes many to lose their jobs, SCC is doing its part in providing people with the help they will need to be reemployed. One way is by giving Sampson County Citizens the opportunity to achieve a North Carolina Career Readiness Certificate. The CRC is a portable credential that provides job skills in Mathematics, Locating Information, and Reading. Earning a Bronze, Silver or Gold Certificate would enable employers to better recognize your strengths. For more information, contact Toledo Kemmer, Career Readiness Specialist at (910) 592-7176, Ext. 4003
