

SAMPSON COMMUNITY COLLEGE

COMPASS PLACEMENT TESTING SCHEDULE

SPRING SEMESTER 2012

Applicants who plan to enroll in a degree or diploma program are required to take the COMPASS placement test unless they meet one of the test waiver requirements published in the SCC Catalog. COMPASS is an untimed, computer-adaptive test that covers three content areas: Writing, Reading and Mathematics. Placement test results determine the appropriate starting level in core and developmental courses. Students who are required to take the COMPASS exam cannot register for classes until the tests are taken and the admissions process is completed.

You must call the Admissions Office at 910-592-8084 to reserve your test session. Please bring a photo ID and check in at the Student Services Counter at least ten minutes prior to the test session. If you must cancel or reschedule, notify the Admissions Office prior to your test date. Cell phones and personal belongings are not allowed in the testing lab and Student Services will not be responsible for securing personal items. You may bring a calculator to use for the mathematics portion of the test. If you have a documented disability (either a physical or learning disability) and need special accommodations for taking the placement test, you must notify the Disability Services Counselor at least two weeks prior to the scheduled test date. If you have any questions, please contact the Student Services Division at (910) 592-8084.
