#### About Jabali Afrika:

"Jabali is Kiswahili (Kenya's national language) for "Rock". Jabali Afrika, from east Africa's Kenya, is a truly multi-faceted group with it's own unique mixture of fusion and African rhythms. Original compositions and traditional African rhythms come alive on a wide variety of instruments, accompanied by vocal harmonies that form the foundation of modern rock, jazz, blues and more! Add talented dancing and choreography, topped off with stunning traditional African tribal costumes, and you have a multi-cultural experience that will leave your entire audience enriched, educated and entertained!"<Quoted from Kramer International's website "[Jabali Afrika: The Rock of Africa comes to America](#)">
